Intuition ... It is as old as mankind, as modern as today's headlines and as natural as breathing. Everything you need to know about intuition, but didn't know to ask, is in your hands. Dr. Anne Salisbury delivers the answers to your questions, based on her extensive research and clinical experience.

- * **What is intuition? Do you have it?**
- * **How can you use it in decision making?**
- * **How can you access it on purpose?**
- * **Should you trust it?**
- * **What are gut feelings?**
- ... **And much, much more.**

With intuition, your life has joy and meaning. Without it, you are living only half a life.

***Eureka!* Is the complete resource for tapping intuition and improving life.**
